Title of Program:	Quiz Competition on the Occasion of Birth Anniversary of C. V. Raman
Date:	07-11-2025
State, if published	-
Synopsis (75-100 words)	
A Quiz Competition was organized by the Department of Physics on the occasion of the birth anniversary of C. V. Raman to create awareness among students about scientific achievements and to encourage their interest in science. C. V. Raman is well known for the discovery of the Raman Effect, for which he was awarded the Nobel Prize in Physics. The quiz competition included several rounds based on general science, famous scientists, important discoveries, and recent developments in science and technology. Students from different classes participated enthusiastically and displayed their knowledge and scientific temperament during the competition. Total 52 students were participated in the quiz competition. The quiz was organised by Mr. D. K. Dhongade, Dr. B. B. Patil & Ms. R. G. Ghadage under the guidance of Prof. Dr. C. R. Bobade	
Objectives	Outcomes
to promote scientific thinking and inspire students by highlighting the remarkable contributions of C. V. Raman in the field of science	It helps to enhance scientific knowledge amongst the students
