Title of Program:

Beach Cleaning Activity 2025-26

Day: Tuesday

Date: 11th December 2025

Time: 5:00 pm.

Beneficiaries: 38

Synopsis

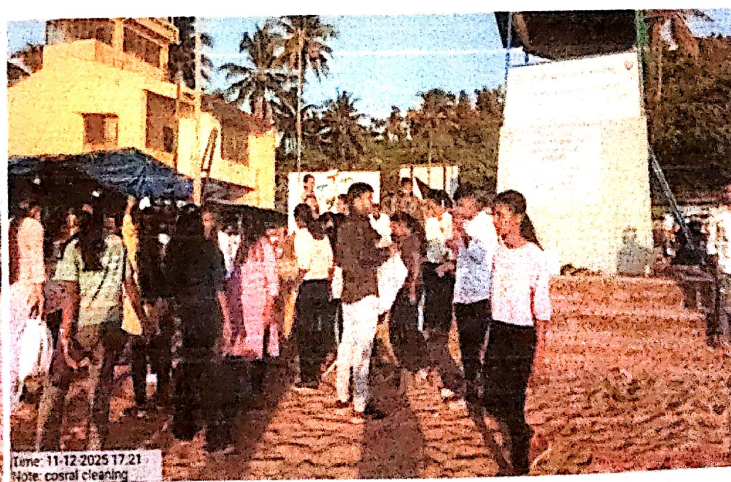

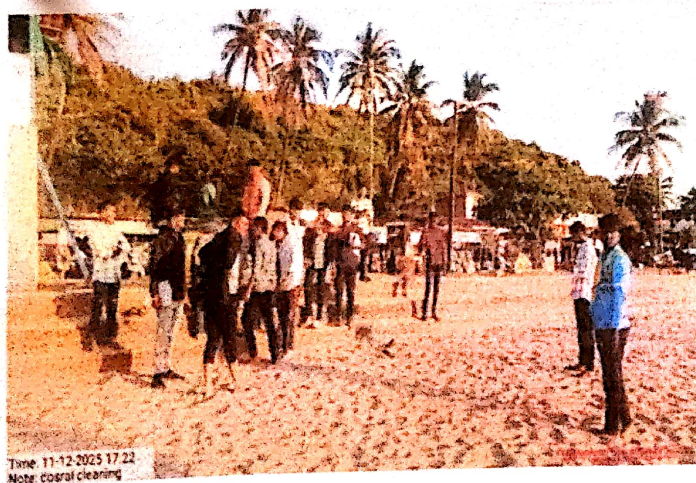

As part of the academic year 2025-26, the Waste and Water Management Committee in collaboration with the Department of Zoology, Balwant College, and Vita organized a **Beach Cleaning Activity at Ganpatipule Beach on Tuesday, 11th December 2025**. A total of **40 students** actively participated in the activity under the supervision of Dr. Pol S.B., Head Dept. of Zoology along with three faculty members. The students were first oriented about the importance of clean beaches, protection of marine life and the harmful effects of plastic waste on coastal ecosystems. Safety instructions were also given before starting the activity. During the drive, students collected plastic bottles, polythene bags, thermocol, and other non-biodegradable waste scattered along Ganpatipule Beach. The collected waste was segregated into biodegradable and non-biodegradable waste and disposed of properly following environmental guidelines. All teachers and students actively participated in the event.

Objectives

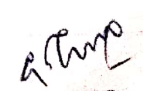

1. To promote cleanliness and proper waste management at coastal areas.
2. To create awareness among students about marine pollution and its harmful effects on coastal ecosystems.

Outcomes

Students developed innovative solutions to real world problems.
Students gained practical knowledge about solid waste management and coastal pollution.
