Department:	Department of Physics in collaboration with IQAC		
Title of Program:	International level deliberation on Multidisciplinary education and research		
Day :Friday	Date:26/07/2024	Time: 11.30 am	
Synopsis(75-100 words)			
<p>Department of Physics in collaboration with IQAC organized an International level deliberation titled <b>“Multidisciplinary education and research”</b> on 26<sup>th</sup> July 2024. Eminent Scientist Prof. (Dr.) Nanasaheb Thorat, from University of Oxford, London, UK was a resource person. Deliberation was inaugurated by offering floral tribute to Photo of Padmbhushan Dr. Karmveer Bhaurao Patil and Laxmibai Patil. After felicitation, Prof. (Dr.) C. R. Bobade, Head, Department of Physics, did Prologue of program and gave welcome address. He discussed objectives of program and reported various highlights of the department. Prof. (Dr.) Nanasaheb Thorat thoroughly guided students about multidisciplinary education and research. He focused on conceptual understanding of concepts. He told that, while studying or understanding any concept, instead of repetitive reading of same concept from same book, student must go through multiple reference books for though understanding of concept. So he can understand different facets of concept. It would directly strengthen the scientific attitude that definitely leads to high quality research that is useful for society. He discussed different traits of National education policy (NEP) and focused on usefulness of multidisciplinary approach based curriculum of it. He encouraged students to upgrade multidisciplinary knowledge. Presidential remarks were given by Hon. Principal Dr. V. S. Shivankar. He focused on importance of interdisciplinary education and research. Dr. Vanita Raut, PG coordinator, Balwant College, Vita proposed vote of thanks. Dr. Priyanka Shinde and Rasika Ghadage did anchoring of program. The technical side was handled by Mr. Dinesh Dhongade and Dr. B. B. Patil. Teaching faculties and students from B.Sc. I, B.Sc. II, B.Sc. III and M.Sc. I were benefited by workshop (Total: 157) This program was conducted under guidance of Hon. Principal Dr. V. S. Shivankar, IQAC committee and with teamwork of Physics department.</p>			
Objectives	Outcomes		
1. To aware participants regarding conception of multidisciplinary education.	1. Participants get well acquainted with conception of multidisciplinary education.		
2. To motivate participants to conduct multidisciplinary research.	2. Participants get motivated to undertake multidisciplinary research.
